# White Coat CEREMONY

10 a.m. | Saturday, September 6, 2025  
Live Stream: [pharmacy.tamu.edu/wcc/](https://pharmacy.tamu.edu/wcc/)

Texas A&M University – Corpus Christi  
– Performing Arts Center

The White Coat Ceremony is a meaningful tradition that signifies a student’s transition into the clinical years of the pharmacy program. During the ceremony, students enrolled in the first year of the program are donned a white coat, a recognized symbol of clinical service and patient care. Students also recite the Pledge of Professionalism to publicly acknowledge their willingness to meet the professional expectations established by the pharmacy community.

The White Coat Ceremony, as it is known today, first began at the Columbia University College of Physicians and Surgeons and has been adopted by numerous colleges and schools involved in educating and training students interested in a wide range of health and medical related professions. The Texas A&M Rangel College of Pharmacy held its first White Coat Ceremony in 2007 and the tradition continues today.

We are delighted that you have joined us to celebrate this important milestone in our students’ lives. They have worked hard to arrive to this point of their education and continue to work hard to accomplish their goal of earning a Doctor of Pharmacy (PharmD) degree. On behalf of the entire college, we thank you for attending our White Coat Ceremony.

# RoxAnn Dominguez PharmD

## Texas Pharmacy Association, Chief Executive Officer

RoxAnn Dominguez, Pharm.D, is the Chief Executive Officer of the Texas Pharmacy Association, appointed effective September 1, 2024. With more than 20 years of experience across the pharmaceutical and health care sectors, she brings deep expertise in market access, strategy, and business planning. Dr. Dominguez has held leadership roles in health plans, PBM operations, specialty pharmacy, and pharmaceutical manufacturers, and previously served as vice president for a specialty pharmacy managing PSAO and payer contracts. She also contributed to Medicaid policy as co-chair of the Texas Medicaid Drug Utilization Review Committee.

A native of El Paso, Dr. Dominguez earned her undergraduate degree from The University of Texas at Austin, her Doctor of Pharmacy degree from Texas Tech University Health Sciences Center, and completed a residency in psychopharmacology at UT Austin. She is passionate about advancing the pharmacy profession, and driving innovative solutions that improve patient care. Dr. Dominguez lives in Austin with her two young sons.

# Pledge of Professionalism

As a student of pharmacy, I believe there is a need to build and reinforce a professional identity founded on integrity, ethical behavior and honor. This development, a vital process in my education, will help to ensure that I am true to the professional relationship I establish between myself and society as I become a member of the pharmacy community. Integrity will be an essential part of my everyday life and I will pursue all academic and professional endeavors with honesty and commitment to service.

To accomplish this goal of professional development, as a student of pharmacy I will:

DEVELOP a sense of loyalty and duty to the profession by contributing to the well-being of others and by enthusiastically accepting the responsibility and accountability for membership in the profession.

FOSTER professional competency through life-long learning. I will strive for high ideals, teamwork, and unity within the profession in order to provide optimal patient care.

SUPPORT my colleagues by actively encouraging personal commitment to the Oath of a Pharmacist and the Code of Ethics for Pharmacists as set forth by the profession.

DEDICATE my life and practice to excellence. This will require an ongoing reassessment of personal and professional values.

MAINTAIN the highest ideals and professional attributes to ensure and facilitate the covenantal relationship required of the pharmaceutical caregiver.

The profession of pharmacy is one that demands adherence to a set of ethical principles. These high ideals are necessary to ensure the quality of care extended to the patients I serve. As a student of pharmacy, I believe this does not start with graduation; rather it begins with my membership in this professional college community. Therefore, I will strive to uphold this pledge as I advance toward full membership in the profession.

I voluntarily make this pledge of professionalism.
